

Nordson Divert™ 3-Way Stopcocks

Polycarbonate

Cole-Parmer®

Add a stopcock to your system for easy on/off control of your fluid. Each three-way stopcock features two female Luer fittings plus a male Luer fitting with or without a lock. Luer fittings on stopcocks ensure a quick, leak-free connection. Diverter arrow indicates the off position, enhancing operational efficiency and minimizing errors.

CERTIFICATION

ISO 80369-7 compliant

WARNING: This product is not approved or intended for, and should not be used for, medical, clinical, surgical, or other patient-oriented applications.

APPLICATIONS

- Bio research, pharmaceutical, and life sciences applications
- Ideal for general-purpose, laboratory, and single-use applications

FEATURES/BENEFITS

- Low-torque handle provides smooth adjustments
- Diverter arrows indicate the off position
- DEHP free (non-DEHP)
- Transparent polycarbonate body makes it easy to see the flow
