

Output Cord Adapters — for Various Countries

A detachable cord set is not included with the temperature controller:

- Model 89800-03 includes a US 120 VAC female plug
- Model 89800-04 includes a IEC 60320 C19, 230 VAC female plug

Below is a ordering table for the available cord sets. Cord sets feature a country-specific female plug on one end and an IEC 360320 C19 male plug on the other end that will plugs into the controller.. Order a cord set to use your heating or cooling devices with your 230 VAC temperature controller in another country. Each cord set is 12 in ((30.5 cm) in length.

IEC 60320 C19
