

# SUPERLOK USA® Compression Fittings Stainless Steel

Cole-Parmer®

Compression fittings securely attach to rigid or semi-rigid tubing for a durable, secure connection that is resistant to leaks. SUPERLOK USA stainless steel compression fittings provide secure, leak-tight connections for high-performance fluid and gas handling systems. These fittings deliver reliable sealing without the need for special tools or welding. Precision-machined from stainless steel, they offer excellent corrosion resistance, strength, and long service life in demanding environments.

## CERTIFICATION

Cole-Parmer will provide a certificate of compliance FREE at your request where applicable.

## APPLICATIONS

- Oil and gas, semiconductor, aerospace, and filtration processes
- General-purpose, laboratory, and single-use applications

## FEATURES/BENEFITS

- High-quality stainless steel construction
- Gauge-able fittings ensure proper tightening and safety
- Two-ferrule design promotes strong tube grip and reduced risk of vibration loosening
- Maintains precise tube alignment for consistent flow and system performance
