

DECLARATION: PFAS REPORTING UNDER TSCA

Cole-Parmer Catalog Number: **08610-26**

Item Description: **CLOCK**

The United States Toxic Substances Control Act (TSCA) is a federal regulation that allows the Environmental Protection Agency (EPA) to comprehensively manage chemicals in U.S. Commerce. This includes reporting requirements under TSCA Section 8(a)(7), which apply to **perfluoroalkyl and polyfluoroalkyl substances** (PFAS). TSCA mandates the reporting of certain information from U.S. manufacturers of all PFAS chemicals, including PFAS created as manufacturing byproducts. Reporting is also required for PFAS imported into the United States, whether on their own or as an incorporated article component.

TSCA PFAS requirements apply to all types of PFAS used in U.S. commerce, as defined by the EPA's Chemical Data Reporting (CDR) database. More information is available from [the EPA's TSCA PFAS webpage](#).

Based on information from our supplier the following product listed above complies to:

☒ Does not contain any of the reportable substances.

☐ Does contain substances of concern, details below.

Product(s) Part#	Substance Name or CAS Number	Concentration (%)	Where is the substance found in the product (cover, wiring etc.)?

Cole-Parmer cannot and does not assume, and expressly disclaims, any responsibility or liability for any failure of the product to meet this REACH Product Declaration. The user shall determine the suitability of the product for its intended use, and the user assumes all risks and liability for subsequent use.
