REACH – 209 - Product Declaration

January 4, 2021

Catalog Number: __06546-01_____

On June 1, 2007, the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force. This Regulation establishes specific duties and obligations for companies in the European Union (EU) that manufacture and import substances on their own, in preparations, or in articles.

Roughly every 6 months the European Chemicals Agency (ECHA) will update the REACH Candidate List. In each update, a number of new Substances of Very High Concern (SVHCs) will be added. Hence, the total number of SVHCs on the Candidate List increases on a regular basis, currently set at 209.
